NEW Student Program. Houghton College is launching a **Houghton Student Ambassador Program** beginning in the spring semester of 2018. Students who have loved their time at Houghton and want to encourage others toward a similar college experience should apply to become a Houghton Student Ambassador. The program gives a student access to increasing their involvement at Houghton while adding a resume building activity as their communication skills are enhanced alongside developing their professionalism as someone who is representing a professional institution. Within the program you are given access to incentives by simply having conversations with high school friends or potential transfers about your personal experience at Houghton and by encouraging them to apply!

Applications will be due **Tuesday, November 21st.**

If you have questions or would like additional information you can email Nicole.Garns18@houghton.edu
