Article VII. Student Organization Governance

A. The Committee on Student Organizations:

1. *Definition* – The COSO is a joint committee of the Student Life Council and the EC responsible for making decisions and recommendations regarding student organizations on campus. The membership of the COSO is the SGA Executive Officer of Student Life and the Student Programs Director (who act as co-chairs) as well as three students appointed by the EC. These members must be appointed considering their ability to attend the meeting time of COSO set by the Student Programs Director and the SGA Executive Officer of Student Life. Duties of the COSO include, but are not limited to: reviewing student organization constitutions, considering questions referred by the Student Life Council or the EC, and considering appeals regarding student organizations made by any student.

2. *Quorum, Meeting Frequency, and Membership* – Quorum is four out of the five members, with two of the four being the co-chairs. Generally, meetings will be held on a bi-weekly basis during the academic year. The co-chairs can decide to cancel meetings at least 24 hours in advance if there are no agenda items pending. As needed, special meetings can be called by the chairs.

3. *Rules of Order for Meetings* – Meetings are informal and decisions are typically reached by consensus. A vote may be taken on any matter at the request of any member, with a simple majority deciding the matter. Also, if any member expresses that a more formal meeting is appropriate or that his/her rights as a member have been infringed upon, the chairs must use committee rules as outlined in Robert's Rules of Order Newly Revised.

4. *Agenda and Day-to-Day Affairs* – The Director of Student Programs and the SGA Executive Officer of Student Life shall set agendas of COSO together and have authority over the day-to-day administration of the activities of the COSO and student organizations. The actions of the SGA Executive Officer of Student Life and Director of Student Programs should align with the mission, policies, and ethics of the College.

5. *Modification by Director of Student Programs and Appeal* – Any decision reached by the COSO may be modified by the Director of Student Programs if in violation of written institutional policy or legal parameters, the standards of Houghton College as outlined in the

Statement of Community Responsibilities. This modification may be appealed to the Vice President for Student Life or Student Life Council.

6. *General Appeal of COSO Decisions* – Any decision reached by the COSO may be appealed to the Vice President of Student Life. He/she will make a decision on the appeal or determine if the question needs to be resolved by the EC or the Student Life Council.

B. Organization Status Definitions and Procedure:

1. *Provisional Status Clubs* – In order for a proposed organization to begin the process of becoming a Registered Club and be defined as a Provisional-Status Club, the proposed organization must submit both a charter and an Evidence of Student Interest petition. The organization must then gain the approval of both the Student Programs Director (as the representative of the Office of Student Life and the member of the college administration responsible for student organizations) and the SGA Executive Officer of Student Life (as the representative of the SGA).

i. Criteria for Evaluation – In making any decision, along with professional judgment the following criteria is taken into account:

ii. Appeal of Director of Student Programs or SGA Executive Officer of Student Life's Decision – The Student Programs Director's decision may be appealed by anyone to the Vice President for Student Life or Student Life Council and the SGA Executive Officer of Student Life's decision may be appealed by anyone to the EC. Even if appealed, both the Office of Student Life and the SGA must approve an organization for it to become a Provisional-Status Club.

iii. Director of Student Programs to Advise Provisional Clubs – The Student Programs Director serves as the advisor to Provisional-Status Clubs and may approve campus-wide emails

and college space usage. In any decision, Registered Clubs and Associations are given priority.

iv. Term and Expiration of Provisional-Status Clubs – A provisional-status club will be dissolved if it does not become a Registered Club within three (3) calendar years after it becomes a Provisional-Status Club. After this, a proposed organization must start this process again if it wishes to continue.

2. *Registered Clubs* – After an organization has been a Provisional-Status Club for at least two full academic semesters, the organization may apply to become a Registered Club. When applying, the organization must submit a second Evidence of Student Interest petition and a constitution for its own governance to the Executive Officer of Student Life. Once submitted, the Student Programs Director and the Executive Officer of Student Life bring the question to the COSO of whether the organization should become a Registered Club or not.

i. Criteria for Evaluation – COSO reviews the constitution and evaluates the Provisional-Status Club based on, but not limited to, the following criteria:

- a. The amount of interest expressed on campus,
- b. How well the organization fits within the official mission and policies of Houghton College,
- c. The mission and purpose of the organization,
- d. Detail of eligibility and membership as well as how active it has been in the provisional stage,
- e. How the proposed organization can benefit the Houghton community,
- f. The sustainability of the proposed organization.

ii. Procedure After COSO Recommends Promotion to Registered Club Status – Once COSO has evaluated the organization, it may submit a detailed recommendation to the Vice President of the EC for placement on the EC's agenda. of space, and financial transactions (in accordance with student organization financial policy).

iv. Annual Renewal of Charters – Once approved, a Registered Club must submit a charter to the Student Programs Office at the beginning of each year. These charters are shared between the Student Programs Office and the SGA and are used for determining eligibility for the privileges and funding given to Registered Clubs.

3. *Associations* – When a Registered Club has been considered active for seven consecutive years, it may apply to become an Association. A petition of 200 signatures of current students in support of this transition must be submitted to the SGA Executive Officer of Student Life. Once submitted, the Student Programs Director and the SGA Executive Officer of Student Life bring the question to the COSO of whether the organization should become an Association or not.

i. Criteria for Evaluation – COSO reviews the constitution and evaluates the application from the Registered Club based on, but not limited to, the following criteria:

- a. Active membership in the Registered Club,
- b. A need on campus for the proposed Association,
- c. The Registered Club's preparedness to function as an Association,
- d. Activities completed by the Registered Club, and

Once introduced, the vote on this motion is postponed to the following meeting in order that active members may gather student opinion on this matter. If the EC approves the organization as an Association, the SGA President shall report this decision to the Student Life Council, which may accept the organization as an Association or override the EC's decision. If the organization's application for Association status fails in any stage, it reverts to a Registered Club.

iii. Privilege of Associations - Associations are given priority over clubs, with individual cases of conflict handled by the COSO. In addition to the privileges afforded to Registered Clubs, Associations are given a line item on the Campus Services Budget.”

be also adopted by the Student Life Council in the same form before coming into effect to ensure coherent and uniform policy.
