ⁱ Students majoring in accounting also accomplish a minor in business. Thirteen credits in the major (the economics courses, Statistics, and Business Communication) count as liberal arts. An additional 49 credits of liberal arts course credits are required for graduation. Your advisor can assist in selection of these courses.

ⁱⁱ Students completing the requirements for the accounting major (left column) may also meet the requirements for a second major in business by completing this coursework. These courses are recommended but should be planned in consultation with your advisor to assure you meet a total of 62 liberal arts course credits.
