Guidelines:

- The proposed program should constitute a developing, integrative, and cohesive course of study, not merely an accumulation of courses.
- Application must be completed prior to completing 90 credit hours of coursework.
 - NOTE: New York residents must declare a major once they've reached 45 credit hours.
- Applicants must not be on academic probation.
- Students will choose two or more areas of disciplinary study. At least one of these areas must be one in which Houghton offers major or minor programs.
- Each area must consist of at least 16 credit hours.
- In addition to the selected areas of study, students may include relevant courses from other disciplines in their programs.
- At least half of program credits must be taken at Houghton University.
- Students should clearly note any coursework taken outside of Houghton; this work must be approved by the faculty members granting approval of the proposal.
- Students may not apply more than eight credits at the 100 level to the program. It is expected that at least some 300- and 400-level coursework will be included.
- Students will complete a Senior Capstone in at least one area of disciplinary study and/or a 1-4 credit Senior Capstone: Interdisciplinary Studies Project (INDS 482).
- To graduate with a Bachelor of Arts degree, students must complete at least 93 Liberal Arts credits, as defined by New York State.
- To graduate with a Bachelor of Science degree, students must complete at least 62 Liberal Arts credits, as defined by New York State.
- Students may submit revisions to their proposals at any time prior to completing the degree. Revised proposals must be submitted to the Provost's Office for approval and may in some cases be subject to all or part of the same approval process as new proposals.
- Please list when courses were taken or are planned to be taken.
- Please note that offering of courses cannot be guaranteed.
- If a proposal needs to be revised once approved, proposal for substitution will be accepted.
